EXPERIENCE

Working as Front-end Developer in Grand Community from (2/2024 till Now)

- Developing React Components that survey the required UI logic to get best performance
- Testing my work with Different Scenarios to reduce Number of bugs
- Receiving Tester report if it exists to fix all bugs returned

As a team leader for graduation project (2023-game based learning)

- Defining roles for each member in my team instead of defining deadline for each task
- Collaborated with team members, including designers and developers, to ensure successful project delivery.
- Integrate members tasks to match the target
- Worked independently to manage my workload and meet project deadlines.
- Conducted code reviews and implemented best practices to ensure the quality and maintainability of code.
- Stayed up to date with the latest developments in express.js and web development trends, and applied this knowledge to improve my work.
